CARTERSVILLE, VA.

(Special to The Times-Dispatch.)
CARTERSVILLE, VA., April 23.—A great improvement is being made in the looks of the main street of Cartersville by the pulling down of an old dilapidated dwelling, the property of Judge John O. Reynolds, of Cartersville. This old house was so near to the Judge's new dwelling house that it entirely cut off the view on one side and detracted from the looks of the new dwelling. The workmen find that the old house was built with "wrought nails."
A memorandum book found in the wall and money recorded therein, are written in shillings and pence, showing that

the old house has stood for many a year. The timbers, however, are good, and will be used in other buildings.
Mr. George Speed, of Fork Union, Fluvanna county, has been visiting his son, Dr. Nasir P. Speed, the resident physician of Cartersville, and preached in the Baptist church on Sunday night. Mr. Speed is a student from the Theological Seminary, preached in Cartersville Presbyterian Church last Sunday morning. Mr. Walsh once had charge of this church through the summer months, and he is well known and much beloved by those for whom he has labored. It is with pride and admiration that we learn of Mr. Walsh's intention to cast his lot in with the missionaries in the Cuban field. Mr. Walsh expects to sail for Cuba in the early fall.

CONSUMED BY A FIRE THAT WATER WILL NOT QUENCH

Only those who have experienced the awful itching and burning of Eczema can know how it feels to be consumed by the blistering, fiery acids oozing out through the pores of the skin. There is no other skin disease that compares in severity with Eczema. It begins as a mere redness of the skin, or comes in little watery blisters and pimples, discharging a thin sticky fluid which hardens into scabs and scales, leaving a raw and inflamed surface as they peel off, while the itching is almost intolerable. Eczema is the most vicious and violent of all skin diseases, appearing in many different forms; the dry and scaly kind with brownish white crusts, which gives the skin a rough, leathery appearance, and producing sometimes painful fissures and sores. In other cases the skin has a swollen, moist appearance, with occasional profuse discharges of watery matter. But all the varieties and types of this aggravating disease are akin and are caused by impure blood and an over-acid condition of this vital fluid that seems to set the skin on fire, kindling a flame that water will not quench, and an itching, stinging eruption that lotions, soaps, salves and powders cannot suppress. As the poisonous acids in the blood increase the eruption spreads and becomes more angry looking, and the itching and burning more unbearable. Eczema is the commonest of all skin diseases, and the most aggravating and treacherous, disappearing at times, then returning suddenly and in a severer form than ever. It is particularly bad in warm weather, because at this season the skin is reacting and the blood is making extra effort to throw off the morbid secretions and acid impurities that have been accumulating during the long winter months, and there is an overflow of the acid matter and acid poison through the pores, producing irritation and redness of the skin and all the terrors of Eczema. Soothing applications are beneficial and advisable, but not curative, because the seat of the disease is in the blood, and external or surface treatment cannot change bad blood into good blood or purge the system of impurities. Only a blood purifier can do this, and while treating the skin the blood must be looked after or the disease is sure to return when the blood is again overcharged with acids.

S. S. S. to purify and cleanse the blood, and some non-irritating, soothing salve or lotion, is the proper treatment for all forms of Eczema. S. S. S. has made some remarkable cures of this stubborn skin disease—cases that had become chronic from long neglect or wrong treatment. S. S. S. is the only guaranteed strictly vegetable blood remedy. It is without a single mineral ingredient, but of medicinal roots that come from the fields and forests or Nature's store-houses. S. S. S. combines both purifying and tonic properties that enter into the circulation and destroy the impurities, and at the same time tone up the general system. Skin diseases are, after all, only symptoms of impure and vitiated blood and external signs of disordered systems, and when you cure the blood the eruptions disappear.

If you have Eczema or any blood disease, sore or eruption, write us and our physician will gladly advise you and furnish any information desired without cost to you. Book on the Skin and its diseases free.

VIRGINIA BEACH.

(Special to The Times-Dispatch.)
VIRGINIA BEACH, VA., April 23.—Society's attention has been absorbed during the past week by numerous entertainments, indoor and out. Golf has been indulged in more than ever before on the links through the pine wood here, still being worked on under the supervision of Mr. Groves and Mr. John Harrison. A tournament is being arranged between the Norfolk Country Club and the

Hampton Golf Club, to be played at Virginia Beach in the near future. Mr. Harrison, as a golf expert, is a host in himself, and to the lover of this pastime a tramp over the course in the odorous air of the glorious pine trees is most enjoyable and exhilarating. The sunny verandas of the artistic little club house have seemed very cheery and gay, with the ladies working on their fancy work, watching the golf or reading. As the weather is now getting to be more suitable for tennis, the courts in the rear of the hotel will be again put into good order, so that those who enjoy wielding the racket may do so to their heart's content.

The music in the hotel adds very much to the pleasure of those sojourning here, particularly to the ones who "trip the light fantastic too."

The good train and electric car service between Norfolk and Virginia Beach makes the mighty ocean of easy access for those who reside in this part of the country.

Several of the cottages are open, in fact there is quite a little colony at this village by the sea.
